STANLEY'S EXPEDITION.

THE LATEST NEWS FROM THE CONGO.

Chastly Proofs of the Resistance of the Natives Found Along the Explorer's Route.

LONDON, 3.—The steamer "Volhaas" has arrived at Liverpool with Congo despatches to May the 29th, which gave for the details concerning the camp on the Aruwimi. The camp was suffering from the want of food and maladies arising from the surrounding swamps. Reconnoitering parties which had advanced along Stanley's route passed quantities of human bones, which were apparently remains of victims who had fallen in fights between Stanley's followers and the natives. No relief has been received by the camp from Tippoo Tib. Major Bartolet, believing Stanley was not more than 500 miles beyond the camp in the direction of Khartoum, was preparing to strike his tent and push on and join him.

A CELEBRATED CASE.

The Ayer Customs Seizure Case Decided Against the Government.

OTTAWA, 28.—The Ayer case terminated. Chief Justice Ritchie gave judgment to-day, exonerating completely the firm of Ayer & Co., from the imputations brought to bear against them. The Chief Justice said that the seizure was due to a conspiracy amongst the customs officers concerned. The firm threaten an action against the government for a \$1,000,000 damages. This case is one arising out of a seizure made in Montreal and other cities of patent medicines imported by the Ayer's. The charge was undervaluation and evading duty by invoicing manufactured goods as articles for manufacturing purposes.

A. FERLAND & Co.

FROM MORLEY.

They Could not Cross the River to Vote Owing to High Water.

MORLEY, June 27.—The voting at Morley, Red Deer district, for the candidates for the Northwest Council, resulted in a sweeping victory for Mr. Brealy, the poll standing, Brealy 19, Brett 2. A number of voters were unable to poll their votes, on account of the difficulty in crossing the river to reach the polling place. It is to be hoped the successful candidate will use his influence towards securing an appropriation for the erection of a bridge across the Bow at this point. The large settlement, business and traffic at this place should warrant the construction of a bridge.

Cattle Notes.

Macleod Gazette: Frank Strong bought up most of the beef cattle at this end of the Pincher Creek district. We believe the prices ranged from \$35 to \$45 for three or 4 year olds.

The Old Man's River round-up party crossed the strays from Willow Creek and High River to the north side of the river on Saturday morning. There are about 700. The strays of this district were returned from Pincher Creek yesterday morning. There were not very many of them.

A letter from Pincher Creek, dated June 12th, says the round-up crossed the South Fork that day, and camped at night at the Middle Fork corral. It further stated that it would be through in about a week. There had been a great deal of rain in that vicinity, which was very good for the crops and hay.

The bulk of the hard work of the Old Man's River round up was finished last week. The blood reserve was yet to be rounded up, and the strays from Willow Creek and Pincher Creek branded. Under

the new arrangement the round up has not taken more than half the time of previous years, and the work is being done much more thoroughly.

While the cattle belonging to the north side of the river were being crossed on Saturday, what narrowly escaped being a fatal accident occurred. A man belonging to the Powder River Cattle Company got into swimming water. His horse either would not or could not swim. The man stuck to him pluckily, and nearly lost his own life in trying to save his horse. The latter was drowned and his rider got out by the skin of his teeth.

Tramway Accident.

On the evening of the 26th instant a serious accident took place on the Calgary Lumber Company's log tramway at Cochrane. The train was coming in from their limits loaded with logs for the mill, when it occurred. The train consisted of a locomotive and four cars, when they were descending a grade the brakes on the hind car refused to work and the engineer, Mr. John Rutherford, reversed his engine to prevent a runaway, but the weight of the loaded cars coming behind without any check was more than the engine could resist, the consequence was that the engine and cars were all thrown from the track, the brakeman, Mr. Alfred Thompson, jumped from the cars and saved himself without serious injury, but Mr. Rutherford was less fortunate he was unable to clear himself from the engine and was thrown with it a considerable distance from the track, in the fall Mr. Rutherford got one of his legs badly entangled and very seriously injured, if not broken it is probably worse injured than a clean break would be. Dr. Hayden of Cochrane, was called and dressed Mr. Rutherford's leg, the wounds bled very profusely for some time but was finally stopped, we understand that the principal danger exists in the possibility of future bleeding. We are informed that the engine was considerably jammed up, but can be repaired without sending it away. One car is a total wreck but the company fortunately have enough cars left to carry on the shipping of logs, so no considerable interruption will take place to the manufacture of lumber. There was only two days supply of logs at the mill when the accident happened.

An old and thoroughly experienced farmer of western Ontario, who is visiting this country with a view to locating here, went out yesterday to see the garden of Mr. Cutler on Dr. Lindsay's place, about a mile south of the town, adjoining the garden he reports a field of 10 acres of oats just heading out that measure 25 inches above the ground, he says, I certainly never saw finer oats growing. He also noticed a small piece of spring wheat, of it he said, I do not think better wheat could grow out of the ground, it is 20 inches high and as thick as it can stand. In the garden he saw a large piece of onions which are really splendid, in fact nearly all the kinds of garden stuff which may be seen in an Ontario garden were there and in very fine condition. In another field he noticed several acres of potatoes also white turnips, both remarks well advanced.

Agent and Canvas.

Mr. J. K. Shirley is the authorized agent of the Calgary Herald for the purpose of soliciting subscriptions and advertisements and the collection of accounts. Favors extended to Mr. Shirley will be appreciated by the Herald.

Card of Thanks.

To the Electors of the Calgary district:—Gentlemen, I hereby tender you my most sincere thanks for the very generous support you have given me in the election just closed, in placing me at the head of the polls. I assure you I shall do my utmost to merit the confidence thus reposed in me.

BERLIN 29.—Emperor William opened the Prussian Lantag to-day. His speech was very pacific as it was at the opening of the Reichstag. It is stated that the Czar sent a lengthy letter to Emperor William expressing thorough friendship for Germany and sorrow for the loss sustained in the death of Emperor Frederick.

THE PEOPLES' CHOICE.

THE RESULTS OF YESTERDAY'S ELECTION.

The Men Who will sit in the Northwest Legislative Assembly for the Next Three Years.

REGINA, 28.—The first elections for the new Northwest Legislative Assembly was held yesterday in all districts except the more northerly ones and passed off quietly. The following are the results:—

Regina South, John Secord; Regina North, D. F. Jelly; Qu'Appelle North, W. Sutherland; Qu'Appelle South, G. S. Davidson; Moose Jaw, J. H. Ross; Wolsely, B. P. Richardson elected by a small majority; Red Deer, Dr. Brett; Wallace, Mr. Beauman; Souris, not heard from, but Mr. J. G. Tariff, the old member for Moose Mountain probably elected.

The following were elected by acclamation:—Macleod, Haultain; Medicine Hat, Thos. Tweed; Moosomin, J. R. Neff.

MONTREAL 3.—The Dominion's twenty-first birthday was fitly celebrated with more enthusiasm than any of its predecessors. People poured in from the country by thousands, and it is estimated that the railway companies carried seventy thousand people during the day to various points, from the city. Picnics and games were the order of the day. Only one drowning accident was reported and that was the result of drunkenness.

WINNIPEG 3.—Dominion day was ushered in with drizzling rain, which lasted nearly the whole of the day. All the troops in the city were inspected by Col. Vickers in the morning. In the afternoon five thousand people attended the sports in Dufferin Park. The lacrosse match between the ninetieth battalion and the Winnipeg club was a great attraction, and was played in a heavy rain storm. The result was Ninetieth 4 games and Winnipeg 3.

Manitoba's New Governor.

WINNIPEG, 3.—Governor Schultz was sworn in by Mr. McGee, Clerk of the Privy Council, to-day in the presence of a large number of prominent citizens.

Henry Wilmot, M. P. Dead.

KINGSTON, 3.—Henry Wilmot, Conservative M. P., for Frontenac, died suddenly last night.

A shooting match took place yesterday afternoon between the teams of 10 each from the Alberta Rifle Association and the McLeod's Rifle Association. The former shot at their ranges on the Elbow River, and the latter at the Fort McLeod. The grand total of the Fort McLeod team was 750 grand total 750 to a man; Calgary total 740, score in favor of McLeod. Capt. McLeod, of Calgary, acted as scorer for the Calgary team and Capt. Neale, of Fort McLeod, acted for the team. The highest score being made by James Mortimer was 84. The highest at McLeod G. A. Kennedy, 84.

Dentistry.

Dentistry of the first order is now practiced right here in this western town. Drs. Saxe & Wallens, during the past few months they have been in Calgary have earned for themselves a reputation which it takes both ability and close attention to business to attain. These gentlemen have introduced the very latest known methods of making patients under their treatment as comfortable as dentistry will permit. So liberally has their enterprise been rewarded by public patronage that they find it necessary to have larger premises. They have secured the Alberta Club building just east of their present office. This building they will have built out to the street and brick veneered. They also intend as soon as they can get suitable premises fitted up, to open out a full line of drugs and medicines in connection with the dentistry business.

700 PEOPLE PERISH. TERRIBLE FLOODS IN MEXICO.

Two Thousand Houses Destroyed and Two Million Dollars Loss.

CITY OF MEXICO 27.—Telegraphic communication having been restored between Leon and Silas on the line of the Mexican railway, particulars of the terrible floods that occurred in that district have been obtained. A telegram from Silas says it commenced raining on the 13th instant, and continued with a heavy down pour for 24 hours. About 325 houses have been destroyed. The station buildings are occupied by homeless people, who are unable to obtain anything to eat except water-melons and other fruit found floating in the water. Several dykes have given way and the whole country around is flooded. At Leon on the night of the 18th, the people believing themselves safe from flood, went to bed in those parts of the town where the water had not found its way. The flood increased during the night, and houses tumbled in rapidly, as the buildings fell the unfortunate sleepers were either crushed to death or drowned. The rain continued incessantly until Wednesday the 20th inst., and it is estimated that fully seven hundred persons perished. One hundred and eleven bodies have been recovered without moving any ruins of houses wherein are supposed to be hundreds of bodies buried. The total number of houses destroyed is estimated at two thousand and the loss at two million dollars.

KILLEN WINS.

A Plucky Prize Fight at Minneapolis. MINNEAPOLIS 27.—Patsy Cardiff and Pat Killen, champion heavy weights of the Northwest fought in Washington rink here last evening. It was a short but plucky fight. As the men advanced to shake hands they showed splendid muscular development. Cardiff led and pushed the fighting till near the end of the fourth round, when a lucky blow from Killen's right hand laid him on the ground partly dazed. He tried to rise but could not within the required ten seconds and the fight was decided for Killen.

PACIFIC MAIL SUBSIDY.

Sir Charles Tupper Bringing the Imperial Government to Time. LONDON 27.—Sir Charles Tupper has been busy since his return negotiating with the Imperial Government respecting the Pacific mail subsidy. It is believed that such progress has been made during the past few days that the completion of the contract with the Canadian Pacific Railway Company may shortly be expected.

PETTIT & McKINNEL, Herald Block

The Calgary Herald

AND
Alberta Live Stock Journal.

WEDNESDAY, JULY 4, 1888.

OUR PROPOSED EXHIBIT.

The HERALD's suggestion that Calgary should send an exhibit to the big exhibition at Toronto this Autumn appears to meet with general commendation and several of this paper's readers urge that it continue to agitate in favor of this project. The HERALD intends to persevere with this project as it believes that considerable and immediate benefits would result from making a display of our products before the many thousands of our eastern cousins who will patronize the Toronto exhibition. In the meantime any of our readers who have any suggestions to offer as to the best means of carrying this project out will find the columns of the HERALD at their disposal to ventilate their ideas. About the same time that we brought this matter up the Medicine Hat Times made a somewhat similar suggestion. This is how our contemporary exposed its exhibit:—

"It has been suggested by several farmers and ranchers that one or two carloads of exhibits should be gathered at Medicine Hat and displayed at several of the Northwest fairs the coming fall. We believe this would prove one of the most advantageous moves that the farmers and ranchers could make. One car load of stock and one of grain and vegetables could be easily gathered together, and taken to the fairs at Regina, Calgary and perhaps other places, and then exhibited at the Medicine Hat

fairs. If dates are favorable it would be a good plan to make the selections for the Toronto exhibition from our own fairs.

THE PROPOSED ISLAND PARK.

Montreal and Toronto are now agitating for more park accommodation, and Ottawa is up in arms because some of the government grounds are proposed to be closed to the citizens. Cannot Calgary learn something from this general anxiety of the people of the older cities of the east to preserve as breathing places and fields of recreation large tracts in and around the centres of population? Montreal, which has already spent millions of dollars on her parks, two of which at least, are the admiration of the continent, proposes to spend immense sums of money to expropriate a large tract of land in the thickest populated part of the city and equip it as a public park. The work is deemed to be a sanitary necessity and will undoubtedly be carried out sooner or later. Toronto also has an elaborate scheme on hand to provide more parks. It appears singular that while the people of our sister cities of the east are preparing to spend large sums of money Calgary should be so neglectful of its future requirements as to regard with complete indifference the offer of the Dominion Government to the town of a truly magnificent property for such a purpose, and which with a very slight expenditure could be made available as a public park. When the town is a little larger and can afford more improvements, the islands in the Bow can be made into one of the prettiest river parks in the world. The town council displayed good judgment in appointing, as they did, a committee to wait upon the government and officials to endeavor to secure more satisfactory terms; but why don't they hurry up? It would be not merely a pity, but a shame, if Calgary should be deprived of its prospective beautiful park by any negligence on the part of the representatives of the people.

NEW CONQUEROR OF THE DESERT.

The sensation of the hour in Europe appears to be the report as to the appearance in the Soudan Desert of the mysterious personage who is reported to be triumphantly pushing his way through the desert in spite of the slave interests and the opposition of the Mahdi. A despatch from Suakim states that Roundley bey confirms the report of the arrival of a White Pasha in the Bahr El Gaze provinces and says that the Khalifa is sending a force to oppose the Pasha's advance. In speaking before the Geographical Society last night, Sir Frederick de Winton, who is the head of Stanley's enterprise, said that he believed that the white Pasha reported to be near Khar-toum was Henry M. Stanley. Should this assumption prove correct Stanley will have made good his right to rank as the most intrepid and successful adventurous explorer of our day.

YESTERDAY AND THE FUTURE.

Taking everything into consideration Calgary has good cause to congratulate itself upon the result of yesterday's elections. Considering the fact that there was no party cry in the contest here, the choice lying between three Conservatives, the vote brought out was a very good one indeed, it being very difficult to arouse anything like enthusiasm or to secure a large vote without party feeling is brought into play; as it could not be in the contest which came to a focus yesterday. This large vote, considering the circumstances, appears destined to have a good effect, as showing that the public spirit of this district can be aroused without the mere attraction of party exigency. As the HERALD maintained previous to the elections, a small vote upon this occasion would have been a disastrous circumstance so far as the appreciation elsewhere of the public spirit of our people would be concerned. Those cliques of easterners who are so ready to impudently assert the unfair charge that the public opinion of the Northwest is unworthy of consideration, would have had an incontrovertible argument in support of their impertinent contention had not the public opinion of the principal district of the Territories asserted itself upon this occasion. The new legislature was in fact instituted for the purpose of giving the public sentiment of the country a means of expression, and it is certainly cause for congratulation that the people have shown in so decided a manner as they have at the polls, their appreciation of the opportunity. Another cause for congratulation is Mr. Lineham's handsome majority. Mr. Lineham was a strong candidate and Calgary district may expect good results from having sent a man of his perseverance energy and good plain solid judgment as its representative to Regina.

Mr. Cayley does not appear to have been the strong candidate some of his friends supposed him to be, and it is even doubtful whether he would have defeated Mr. Reilly had he not had as an associate in the contest so strong a candidate as Mr. Lineham. Of course there is reason to be thankful that Mr. Cayley, having been put in nomination, secured election, as his experience in the old Northwest Council made him by great odds the preferable candidate as compared with Mr. Reilly. As to the latter gentleman, the HERALD as his persistent opponent, takes great pleasure in congratulating him upon the manly, straightforward way in which he conducted his part of the campaign. Mr. Reilly made many friends during the election and certainly retained the esteem of his opponents throughout.

Now that the election is over it is to be hoped that the people will not allow their interest in public affairs to wane. They have still a serious public duty to perform in insisting that the men they have returned at the polls as their representatives, redeem in the legislature the pledges they made on the hustings and elsewhere during the canvass. The HERALD, considering that it would have been false to the public interest to have abstained from taking part in the elections, after careful consideration, concluded that Messrs. Lineham and Cayley of the three candidates in the field were the two most worthy of election, and forthwith entered the lists for the purpose of assisting them. Now that the election is over and the seats of these gentlemen in the legislature are secured the HERALD considers itself just as free to criticize their public conduct as if it had opposed their election. There is nothing inconsistent in this, and the HERALD may be depended upon to keep these gentlemen, if necessary, up to the pledges so solemnly and often made to the electorate. Fortunately the campaign appears to have been free from mud throwing and personal vilification generally, and any little ill feeling that might have arisen, it is to be hoped is already buried never to see the light of day again.

CALGARY'S CELEBRATION.

Everything so far indicates that Calgary's celebration of Dominion day on Monday, Tuesday and Wednesday of next week will be in all respects a success. The committee interested with the arrangement of the details has been indefatigable in its efforts and deserves the thanks of every man woman and child in Calgary for the result will be to furnish three excellent days of sport for all of them. The horse races promise to be the feature of the celebration, particular interest attaching itself to these events on account of their international character. The best horse flesh of Alberta will be matched against the speediest horses of Montana and the other border states and the contests promise to be exciting in the extreme. Californians can rest assured that if the weather is propitious they will enjoy three days of glorious sport. A cause for congratulation in connection with this celebration is the fact that the attendance of a very large number of visitors from all parts of the Territories, British Columbia and Montana is assured. People have but to see this district to become infatuated with it and it is a most reasonable thing to suppose that many people who come here next week and see Calgary at its best will not be satisfied with their lots until they have come back here to live. Money spent in attracting visitors to Calgary in this way is very judiciously spent indeed. Californians must make up their minds to keep up the standard of their Dominion day celebrations so that they shall continue to be the national festival par excellence of the Northwest territories.

THE NEW GOVERNOR-GENERAL.

Lord Stanley, the new Governor-General having paid flying visits to some of the leading cities of Eastern Canada has now settled down to recuperate after his voyage for a few days at the salmon fisheries in the Lower Provinces. His Excellency by his clever speeches and manly characteristics has already endeared himself to the Eastern Canadians, while Lady Stanley appears to have fairly taken their hearts by storm. Lord and Lady Stanley expect to pay the Northwest a visit sometime during the summer and the people should begin thinking out the features for a reception worthy of the metropolis of the Territories and of the acknowledged loyalty of her citizens.

THE HOT SPELL IN THE EAST.

While news comes from Toronto of intense suffering from the heat, reports from Montreal show that the death rate has increased some thirty per cent since the hot spell set in in that city. The sultry weather is reported to have had a bad effect upon the volunteers in the various camps of exercise throughout the Dominion, and the people of Manitoba are fairly sweltering under the influence of the fiery rays of their sultry sun. The news appears almost incredible to us who enjoy the superb climate of Alberta. While our eastern friends are trying to exist under the most oppressive of climatic influences we enjoy the very perfection of superb climate. The mercury not climbing higher than seventy degrees. We have no need for seaside resorts and sunstroke remedies in Alberta.

RETROSPECTIVE.

The Dominion of Canada attains her majority to-morrow, confederation having taken place twenty-one years ago, namely in 1867. What a record of activity and progress is a review of the intervening period of our national existence. New provinces have been added to the original confederation, half a continent has been opened up to the enterprise of the Canadian people and the railway system has developed from a meagre beginning into a continually increasing network of lines which brings the extreme limits of this vast country into close connection with one another. The advance of Canadian trade and art has kept pace with the marvellous progress in these directions in the rest of the world. The period since confederation has been pre-eminently an era of rare prosperity and each year's progress has contributed to the growth of that national sentiment, which finds expression in the loyal celebration throughout the length and breadth of the land, of the Dominion's birthday.

A CALGARY EXHIBIT FOR TORONTO

The municipal council of Vancouver, B. C., has voted the sum of three hundred dollars towards defraying the expenses of sending an exhibit descriptive of the progress and resources of that city to the big exhibition to be held in Toronto this Autumn. Would it not be a good move for Calgary to follow this example? There is no portion of the Dominion which appears likely to secure more immediate or greater benefits from making its resources known and appreciated in Eastern Canada than the Calgary district. Thanks to the enterprise of some of our citizens Calgary products have been brought into competition with the products of the rest of the Dominion at previous Toronto exhibitions and have, by securing first prizes, demonstrated the fact that Calgary can more than hold its own. Private exhibits, however, always fail to make the impression that a general exhibit from any district does, and are little or no advantage to the district from which they come. While Major Walker's magnificent exhibits of monster vegetables in past years attracted the attention of only a few of the visitors at the exhibitions, a well assorted and distinct exhibit from this district would command general attraction, and it is safe to add, unbounded admiration. It should not be a very expensive matter to pack up a few cases of photographs and selected produce and send them to Toronto. The only expense would be the freight and a trifle to an agent to look after the exhibits. The return would be simply incalculable, for the exhibition is the greatest popular educator of modern times, and the most pressing need of this country is the education of the Eastern Canadians up to her attractions and possibilities. The question is one well worth discussing by the Town Council. If that body feels itself unable to carry the project, out a citizens committee should take it in hand and push it through to a successful conclusion. This appears to be the cheapest and most efficacious advertising scheme open to our people to make the advantages of this country known.

The prizes are on view at Davidson's. The blank spaces for champions and colors are not in the secretary's hands.

Dr. Hayden, of Cochrane, arrived this morning.

The two Misses McDougall, of Morley, are in town.

Hon. Senator Cochrane arrived from the east this morning.

Mr. James Walsh, the half century fur buyer, is here from Winnipeg.

Mr. Richard Waugh, Editor of the Northwest Farmer, is visiting Calgary district.

Miss Stewart, daughter of George A. Stewart, Government Engineer of Banff, is in town.

The condition of Sergt. Taylor, of the N.W.M.P., does not change much. He is not out of danger yet.

The programme on Monday evening the 2nd July, will consist of the "Rose of Avernay" and "Cox and Box."

Mr. Wm. Young, of the hardware firm of A. Grant, went east on No. 2 express as far as Moose Jaw to visit friends.

Dr. Rouleau reports that Mr. Fraser, who was injured at Mr. Skrine's race a few days ago, is improving and is probably out of danger.

The committee on races requests us to say that no dogs will be allowed on the race course under any conditions. A word to the wise is sufficient.

Mr. Land Commissioner Hamilton, of the Canadian Pacific Railway, passed west in his official car, attached to No. 1 express this morning.

The members of the Odd Fellow's band are requested to meet this evening at the hall and march to the band stand at half past eight sharp. Wm. Scollen, bandmaster.

Rev. Mr. Somerset of Battle river mission, will preach in the Methodist church to-morrow morning at eleven o'clock, and Rev. George Jacques in the evening at seven.

The Indian "Eagle Eye," who is suspected of being mixed up in the horse stealing along with the half breed Roland, was brought up from Gleichen this morning by Corporal Pennyfather, and is now confined in the N. W. M. P. barracks lock up, awaiting his trial along with Roland.

Everything promises well for the Lawn Party and Strawberry Festival to be given by the Ladies Aid Society of Knox Church, on Monday evening, on the grounds of Messrs. Thomson, Collins and Marsh, on Reinach avenue. The presence of the Oddfellow's band will give interest to the proceedings. Tents will be put up and the grounds decorated during the day.

The Hon. M. H. Cochrane, Senator of Hill Hurst, Que., arrived at Calgary on the No. 1 express this morning. The honorable gentleman is still connected with the extensive horse ranch between the Bow and Elbow rivers west of Calgary, it is now known as the Bow River Horse Ranch Co., limited. Charles Elliott Esq., F. S. L. of Ennington, Devonshire, England, is president, Hon. M. Cochrane is vice-president, and Mr. J. H. Morrison of Cochrane manager.

A runaway which did not culminate, reached an incipient stage on McTavish street, yesterday. Mr. Joseph Mew was driving his horse and buggy near his own office when the horse became somewhat demoralized and through absent mindedness caused probably by the rush of people on the other side of the street going to buy those beautiful plants from Thomas Burns, plunged back and forth till he got partly up on the side walk. The driver succeeded in reinning him up before any damage was done. This was very fortunate as Mr. Mew had no desire to sell a buggy that individual.

Assistant Indian Commissioner.

The appointment of Mr. A. E. Forget as Mr. Hayter Reed's successor in the Assistant Commissionership, is in every respect an eminently wise one. Mr. Forget is a lawyer of great ability, and as such enjoyed some years ago a lucrative practice in partnership with the present leader of the Quebec Government. In 1876 when this country was organized a territory, the Hon. David Laird became its Lieut. Governor, and Mr. Forget, whose health had not been of the best, and who had already experienced our healthful territorial ozone, came here as clerk of the Northwest Council. Since then the present Assistant Indian Commissioner has won golden opinions from everybody. To a frank, honest, courteous temperament, may be added a genial firmness in the proper discharge of his important duties which greatly enhances the man's value as a public servant.

In the universal opinion that Mr. Forget will make a popular Indian official no man—neither white nor black—will be mistaken.

General Riding Races.

The secretary has been instructed to receive entries for general riding races, owners up, of horses owned and in possession of party entering, on the 1st of June, 1888 and not in training for the races this year previous to that date. Professional jockey's barred.

POPE AND NATIONALISM

THE POPE WILL BE NEUTRAL IN
FUTURE.

While Secretly Enforcing his Views
Upon the Irish Episcopacy.

ROME, 4.—Cardinal Nonon in a lengthy conversation with the Pope, while supporting the condemnation of the plan of campaign and boycotting, advised the Pope not to take too stern a view of the national movement lest the Irish Catholics and their sympathizers in America adopt an attitude of defiance towards the Vatican. The Pope appears to have been influenced, and it is probable that he will be neutral in future, while secretly enforcing his views upon the Irish episcopacy.

THE METHODISTS.

Arrangement of Pastors for the Saskatchewanan District.

The following is the list of pastors for the "Saskatchewan District," which includes the whole Northwest, arranged at the Portage la Prairie conference of the Methodist Church:—Morley, McDougall and E. R. Steinhour; Sarnee Indians, one wanted; High River, one to be sent; Banff, C. Williams; Fort McLeod, W. W. Bridgman; Lethbridge, one to be sent; Blood Indians, John McLean, M. A., Ph. D.; Maple Creek, J. W. Johnson; Medicine Hat, C. Teeter; Gleichen, F. W. Lock; Red Deer, W. A. Cook; Woodville, John Nelson; Battle River, E. B. Glass, B. A.; Bears Hill, C. Somerset; Edmonton, Geo. H. Long; Victoria, J. A. McLachlan; White Fish Lake, O. German; Saddle Lake, R. B. Steinhour; Slave Lake, one wanted.

Moosomin.

The Courier.
Wheat is still being brought into town. Prices the same.

Messrs. Campbell & Taylor have just completed a very fine house for Mr. McNeil.

Cricket matches are being arranged between the following four clubs: Cannington, Russell, Pipestone and Moosomin C. C.

The Rev. T. B. Wilson, of the Moosomin Methodist Church has been stationed by the committee of the Manitoba and Northwest Conference of the Methodist Church, at the Souris. The Revs. P. W. Davies and E. Sedgwick, take that gentleman's place here.

The banner for the Orangemen has arrived. It is on view at Mr. George Parke's shop. The banner, costing \$66, is most beautifully designed and illustrated on two sides. On one side an illustration of the Queen with the gold letters above "Our God, Our Country and our Queen." On the other is an illustration of King William with the following inscription on the top—"Derry, Eniskillen, Aughrim, Boyne."

Governor Dewdney responding to the address delivered him upon the occasion of his visit to Moosomin last week delivered an eloquent speech. He said that the meeting had afforded him great pleasure, not only by the present good feeling as shown to him on this occasion, but because the inhabitants of Moosomin were the first to show their sympathy, encouragement, and appreciation of his efforts as Lieut. Governor. He felt thankful, and added that he should always cherish the remembrance of Moosomin in his heart. He referred briefly to his administration, and spoke of the banquet at Calgary. He touched on educational matters and said he could confidently state that all money spent on, or connected with education, had not, he felt sure, been thrown away, and that he had always closely allied and interested himself with educational matters.

CEDAR POSTS.

We are prepared to contract for the supply of split cedar posts, seven feet long, delivered in car load lots at Calgary for \$13 per hundred. **MARRS & MARRS.**

Ships Out.

MONTREAL, July 4.—Allen Lowe, editor of Sport and manager of the Athletic Club House, has shipped out. He is a defaulter of a large amount.

Edmonton Elections.

EDMONTON 4.—Final returns are in and the vote now stands:—Wilson 395, Oliver 349, Cunningham 319, Maloney 140. The latter loses his deposit.

Body Found.

DENVILLE, July 4.—Body of Miss Mary Powell, who was encased, found dead in the mill pond yesterday. It is thought she was betrayed, then murdered.

Retired from the Contest.

WINNIPEG, July 4.—Alderman Callaway has retired from the contest in North Winnipeg, leaving the field to Provincial Treasurer Jones and Golden conservative.

The American residents of Winnipeg celebrated the glorious fourth by an excursion down the river.

Nine Officials Beheaded.

SHANGHAI, June 30.—The people of Seoul, the capital of Korea, are in open insurrection. They have beheaded nine Government officials in the streets and wild excitement prevails. Foreigners are seeking refuge at their various consulates. It is said that the Chinese instigated the trouble.

The Volunteer Defeats the Puritan.

MARLBOROUGH, Mass., July 1.—The Eastern Yacht Club regatta took place Saturday with a good northeast wind blowing. The yachts started about 11 o'clock, among them being the "Volunteer," "Puritan," "Gitana," "Miranda," "Adrienne" and "stranger." The "Puritan" took the lead at the start but was soon overhauled by the "Volunteer," until when half the course was sailed the "Volunteer" was two miles ahead, a clear gain of four miles on the "Puritan." The "Volunteer" finished first at 3:43:30; the "Puritan" second at 3:58:30.

From Monday's Daily.

The P. R. pay car was attached to No. 1 express from the east at 24:45 this morning.

Mr. Cuzner, tonsorial artist of Calgary, went to Banff by this morning's express, to open business in that lofty town.

In our notice of the cattle being purchased for shipment, the name of Mayor Halton should have read Major Halton.

We have seen a letter this morning from Governor Dewdney to Mayor Shelton, in reply to letters from the latter, in which the Governor promises a grant of \$300 to improve the road immediately north of the Bow River at what is known as the Bow-Marsh bridge.

Lucius Tuttle, general freight manager of the C. P. R. from Montreal, Robert Kerr, general freight and passenger agent from Winnipeg to the coast, and Mr. Niblock, assistant superintendent, arrived in Mr. Niblock's car from the east at 7:30 a. m., they took a stroll through the town with Major Halton, and after half an hour's stay resumed their journey to the coast.

We have much pleasure in calling the attention of the parents and relatives of the pupils attending the school of the Sisters of the Sacred Heart Convent at Calgary, to the annual examination which will take place on Friday the 29th instant commencing at one o'clock. The parents, relatives or guardians are cordially invited to be present, the smallness of the school room, the Sisters are sorry to state prevents them giving a general invitation to the public. We will give the order of the proceedings in to-morrow's paper.

The Rev. Mother Filiatreau, superior general of the Grey Nuns of the Dominion and her assistant, Mother Divina, arrived from Montreal this morning. They are at present at the Convent, and will go to Sheep creek this afternoon to visit the industrial school and that place under the charge of four sisters of the Sacred Heart. They expect to be present at the examinations on Friday and will remain here about ten days, when they will go to Edmonton. These reverend ladies are making a general tour of inspection of the Convents throughout the country.

The agents of an eastern cattle syndicate, whom we mentioned yesterday as having been buying up fat cattle for shipment, have secured 15 car loads and are negotiating for 15 car loads more. Arrangements are already made for cars to be bedded with saw dust at Calgary station to move the cattle in. We defy not only the Dominion, but the United States as well to furnish a parallel case at this time of the year, these cattle have never tasted food but their mothers' milk and prairie grass, eaten off the prairie.

IN A ROWBOAT.

A Perilous Trip Through the Lachine Rapids.

MONTREAL 4.—A young man named Arthur Liessens descended the Lachine rapids to-day in a rowboat and safely reached the city. Being unaccustomed to handling cars he lost control of his craft and was carried down by the current into the boiling seething mass below. It looked as if he would be dashed to pieces against the rocks, but by a miracle he came through all right.

IMPORTED SMALL POX.

Another Evidence of the Imperfections of the Quarantine Service.

QUEBEC, 4.—One of the ocean steamers recently landed her passengers at Levis under the usual clean bill of health from quarantine, but the passengers had barely landed when severe cases of small pox declared themselves.

MANITOBA NOMINATIONS.

Nine Government Supporters Elected by Acclamation.

WINNIPEG 4.—The nominations for the local legislature took place to-day throughout the province. The following government candidates were elected by acclamation:—Greenway, Mountain, Martin, Portage la Prairie; Lawrence, Morden; Winram, Manitoba; Young, Killarney; Roblin, North Dufferin; Nickle, Birtle; Coleclough, Selkirk; Smith, Springfield. No opposition members were elected by acclamation.

RIFLE SHOOTING.

Arrangements of the Dominion Rifle Association.

OTTAWA, 3.—The Dominion Rifle Association will grant silver and bronze medals this year of Canadian make, which are better and cheaper than the English product. In addition the Manitoba and Saskatchewan associations receiving medals, the Assiniboia association with headquarters at Moosomin has affiliated this year and will also receive medals. The Governor-General contributes a prize of five hundred dollars to the Dominion Rifle Association and becomes a patron.

Prince Bonaparte's Departure.

QUEBEC 4.—Prince Roland Bonaparte left here to-day for Paris, via New York.

A Combination.

ST. PAUL 4.—A combine between the Canadian Pacific and Union Pacific is contemplated, by which a road may be built from Rhineland on the So. road to Council Bluffs Iowa, thus giving the Union Pacific an outlet to the seaboard two hundred and thirty miles shorter than any of the present connections.

Belgian Caught at Last.

It will be remembered that when our estimable citizen Mr. James Reilly placed his services at the disposal of the country and went to Winnipeg to meet the expected colony of Belgians, a picture was got up showing Mr. Reilly in pursuit of a flying Belgian who disappeared in the woods on the bank of the Assiniboine, well, strange as it may seem, the Belgian has just arrived at Calgary still pursuing his flight to the mountains, little dreaming that on his route he would come so near falling into the hands of his pursuer. Our immigrant agent says that from the emaciated and haggard appearance of the man, there is little doubt that he has been running ever since he escaped Mr. Reilly last March. Mr. Miquelon ever ready to help both the needy and the frightened, has secured a situation for the fugitive at the C. P. R. Field Hotel, where he will be safe from colonization agents and have a chance to regain the flesh lost in his 1000 miles run.

The contract for grading the hill north of the Bow-Marsh bridge, leading to the Morley trail, was let by auction on Saturday evening to Mr. Jerry Boyce, for the sum of \$285.00. Thus one after another of the thoroughfares leading into Calgary are being put in good shape for travel.

The annual examinations of pupils held at the school of the Sisters of the Sacred Heart, Calgary, on Friday afternoon were of a very interesting character. The ladies of the convent were assisted by the Rev. Fathers Leduc, Blais and Andre and his Lordship Judge Rouleau. Messrs. Cyr, Miquelon and Ferland school trustees were present in their official capacity. In addition to parents and guardians of the children there were a large number of the ladies of Calgary present. The pupils showed great proficiency in geography, history and arithmetic. One very important branch taught in the school is the art of cooking and housekeeping. If more of this were done generally in our schools it would be well for the future households of Canada. After the examinations, which lasted five hours, Judge Rouleau delivered a complimentary address and distributed the prizes.

OUR NEW GOVERNOR.

By the appointment of the Hon. Joseph Royal as Lieutenant Governor the Northwest secures as its chief executive a gentleman who gives every promise of being an ornament to the position. There are few Canadian statesmen who have had such a lengthy public career as Mr. Royal and who have had a more varied experience of public affairs. He possesses ability of a very pronounced character, and has acquired in the political world a reputation for shrewdness and judgment which augurs well for the soundness of his administration. Almost as important as the functions of state appertaining to the position of Lieutenant Governor are the social duties which are so conspicuously attached to the office of the chief magistracy and in the person of our new Governor we obtain a gentleman who will do justice to these obligations. The honorable gentleman with his genial disposition and open heartedness is pre-eminently a social favorite and his estimable family share with him the admiration of all who come in contact with him. Mr. Royal will have a hard task to fill the vacancy in the Northwest community, caused by the retirement of such a wonderfully popular, yet beloved, predecessor as the Hon. Edgar Dewdney, but if any one is equal to the emergency he is.

Born in Repentigny, in the province of Quebec, of old Swiss stock, May 3rd 1837, our new Governor is now fifty one years old. He was educated at St. Mary's college, Montreal, an institution which claims as its graduates probably more famous men than any other institution in Canada. He was called to the bar of lower Canada in 1864, and was for some years one of the assistant French translators to the Canadian Assembly. He was for a long time a prominent writer of acknowledged ability on the French Canadian newspaper and periodical press. From 1857 to 1859 he edited the Montreal Minerve. In the latter year he established L'Ordre which he conducted for about a year. In 1864 he with several others founded La Revue Canadienne to which he contributed many valuable and interesting papers. In 1887 again, he founded at Montreal with others Le Nouveau Monde, of which he became the editor-in-chief. Besides many other important contributions to French Canadian literature, he published Vie Politique de Sir Louis H. Lafontaine in 1864.

In 1874 he removed to Manitoba, where in the following year he established Le Metis, of which he continued the proprietor and editor until 1881.

In 1871 Mr. Royal was called to the bar of Manitoba, and with Hon. J. A. Chapleau, Q. C. was retained as counsel for the defence in the Cause Celebre of the Queen against Ambrose Lepine, tried at the Manitoba criminal Assizes, October 1874 on the charge of the murder of Thomas Scott, under the Provisional Government of Louis Riel.

Mr. Royal has rendered most important services to his adopted province in the matter of education.

In 1871, Mr. Royal was elected speaker of the first Legislative Assembly of Manitoba, an office which he vacated in March 1872 on becoming a member of the Executive Council and Provincial Secretary. The entire government having resigned July 8, 1874, Mr. Royal was reappointed to the Cabinet with the offices of Provincial Secretary and Minister of Public Works on 3rd December 1874. In 1876 he became attorney general, which office he continued to hold till the resignation of the government, when he accepted the portfolio of Minister of Public Works in the new administration 1878. Early in 1878 a difference of opinion having arisen between the premier and Mr. Royal the latter resigned.

Mr. Royal was first returned to the Legislative Assembly for St. Francis Xavier West, by acclamation December 1879, on the erection of Manitoba into a Province of the Dominion, reelected by acclamation in 1875 and again elected in 1878, in 1879, on the appointment of Mr. Dubuc then M. P. for Provencher as a Judge of the Court of the Queen's Bench Mr. Royal was elected the same year in his stead; in 1882 was reelected by acclamation and was elected again in 1887.

The Northwest has good reason to congratulate itself upon the appointment to its chief magistracy of a statesman of such wide experience as Mr. Royal, a gentleman whose large, practical knowledge of Northwest matters cannot fail to be of great advantage to the country and all in it. With Mr. Dewdney as Minister of the Interior and Mr. Royal as Lieut. Governor, what a future would be opened up to the Northwest! When the former appointment is assured we shall be happy. Then for reforms in the land laws and in the constitution of the new assembly; followed by the abrogation of the oppressive and abortive prohibitory liquor law, the substitution thereof of local option and the dawn of an era of unprecedented progress and unrestricted contentment.

A LAKE ONTARIO GALE.

DAMAGES THE LAKE STEAMER CHICORA.

And Causes Great Excitement Among her Passengers--A Critical Moment.

TORONTO, 29.—A heavy east by north-east gale has been blowing all day accompanied by heavy rains. Lake Ontario is like a raging sea. The steamer "Chicora" left Yonge Street on an excursion to Buffalo. She had only made a few miles when an enormous wave stove in part of her paddle box, and the sea washed into and across her main cabin. The boat put about and made the wharf without other serious damage. The passengers were greatly excited.

LONDON NEWS.

The Glengarry Election Case Before the Privy Council.

Lord Lansdowne was present in the peers' gallery in the House of Commons to-night and listened attentively to the remarkable speeches of Mr. O'Brien and Mr. Gladstone. He then left the House.

Sir Charles Tupper has been busy since his return to England negotiating with the Imperial Government respecting the Pacific mail subsidy. I believe such progress has been made during the past few days that the completion of the contract with the C.H.R. Company may shortly be expected.

At the meeting of Hudson's Bay Company to-day Mr. Eden Colville, the chairman of the company, who presided, expressed his regret that the fall in the prices of furs had so decreased the profits as to prevent the payment of a dividend for the past year. He believed that fashion would veer round and good prices return. The prospects of the Northwest were bright, and there was every promise of a gradual and satisfactory realization of the company's landed property. After some discussion the report was adopted.

LONDON, June 28.—The Glengarry election case, now before the Privy Council on an application for leave to appeal against the decision of the Supreme Court of Canada, and which raises the whole question of the six months' limit, was argued to-day at length. Sir Horace Davey and Mr. Donald McMaster, on behalf of the petitioner Kennedy, urged that the great division in judicial opinion in Canada called for a decision of the Council. Mr. MacIntyre, on behalf of the respondent, Purcell, declared that it was beyond the jurisdiction of the Council to grant leave to appeal. If that leave was granted, it would cause great irritation in Canada and strengthen the existing agitation in favor of investing the Canadian courts with finality as regards litigation. Sir Barnes Peacock said supposing the court, after hearing the cause, decided by a majority to reverse the judgment, how would the decree be carried into execution? Suppose the House of Commons of Canada declared that the Queen had no prerogative and refused to carry out the decree, an immediate conflict would arise between the House of Commons and the Queen. The Council would hardly advise Her Majesty to make an order which could not be enforced. After a consultation their Lordships reserved their decision.

Racing Regulations.

The entries for the races on the 2nd, 3rd and 4th of July must be made by 8 o'clock on Saturday evening, the 30th inst., with the secretary, who will be found at the Royal Hotel. Those making entries must not forget the fact that in making their entry with the secretary, the colors of the jockeys must be recorded; as no jockey will be allowed to appear at the races except in regulation colors. As it has been decided by the Stewards that this meeting shall be conducted under the association rules. Therefore it will be advisable for all owners of horses entered for the races, and riders to be on hand at the judges stand promptly at 2 o'clock on Monday, when the announcement will be made of the rules and regulations governing the races. It is expected this will be the best meeting ever held in the Territories, as there is now a large number of horses here in training, and more are expected before Monday. On account of the scarcity of jockeys, riders will not be disqualified on account of over weight.

BONAPARTE SCHEME.

COLONY OF ALSACE-LORRAINE SET- TLERS FOR THE N. W. T.

A New Project for Relocating France's War-ravaged Provinces from German Oppression.

MONTREAL, 29.—Prince Bonaparte is negotiating with the Dominion Government for the purchase of 5,000 acres of prairie in the Northwest to form a colony of Alsace-Lorraine farmers. Prince Bonaparte thinks that a large number of the inhabitants of France's old provinces who have been so dissatisfied with German rule since their surrender to the Teuton power after the Franco-German war would willingly exchange the iron rule of Germany for the more lenient one of Great Britain. Prince Napoleon's project meets with great favor in the province of Quebec.

MONTREAL NEWS.

Nearly a Big Blaze—More Workshops.

MONTREAL, 28.—The Canadian Pacific Railway Company is about to erect additional workshops at Hochelaga Ward to cost \$250,000. This is regarded as an offset to the transference to the principal passenger depot to the west end of the city of Montreal.

The death rate of the city for last week was very high and much in excess of any previous week in this year, being 150 against 116 for the week before. There were 23 deaths by cholera infantum alone; the weather is answerable for the number of infant deaths.

About 5:30 on the morning of the 23rd, the night operator at the head office of the Canadian Pacific telegraph noticed a blaze on the switchboard. Before he could give the alarm the fire assumed big proportions but was soon checked by the fire brigade, not, however, before most of the instruments were destroyed. General Manager Hosmer was soon on hand and with his accustomed energy had the repairing under way and in a few hours the wires were working O. K. again. It was lucky it did not happen before, the day before having been the heaviest business in the history of the company; over 10,000 press despatches were transmitted between Chicago and San Francisco via Montreal. The loss is about \$1,000; the cause is unknown but is believed to have been an electric light wire crossing the telegraph wires. Natural gas has been struck at a depth of 110 feet at Cornbury, Ont.

Mr. G. B. Burtland is about to resign the presidency of the Protestant Insane Asylum Board; he will be succeeded by Bishop Bond.

A Russian Jew named Keronski was killed on the Beauharnois railway here this morning.

Blaine on the Nomination.

LINLITHGOW, Scotland, June 28.—The news of the nomination of General Benjamin Harrison, of Indiana, for President of the United States, by the Republican National Convention, at Chicago yesterday, was received here at nine o'clock last night. When the telegram announcing Mr. Harrison's nomination on the 8th ballot was handed to Mr. Blaine he carefully said, "A good nomination," and turning to Mr. Carnegie, who was present, asked, "What do you think of it?" "It is good, just what I expected," replied Mr. Carnegie. Mrs. Blaine felt pleased that Mr. Harrison had been selected out of all the Republicans. She said, "I am glad it is over. I know that Mr. Harrison is a good man. He comes of a fine family. He has a very good record as a public man. I would have liked to have seen Mr. Blaine nominated, if it could have been done unanimously, but not otherwise. Mr. Blaine did not desire to be a candidate." Shortly after the receipt of the news, a message of congratulation, written in a hearty spirit, was dashed off by Mr. Blaine and cabled to the nominee. Mr. Blaine thought it would not be civil to Mr. Harrison to give out this telegram from this side, knowing full well it would be promptly given out for publication upon its arrival. Beyond this dispatch of congratulation Mr. Blaine did not care to add anything to his first phrase of the good nomination.

INDIANAPOLIS, 28.—General Harrison received the following telegram late last night: "Linlithgow, Scotland, June 27. I congratulate you most heartily upon the work of the National Convention. Your candidacy will recall the triumphant enthusiasm and assure the victorious conclusion which followed your grandfather's nomination in 1840. Your election will seal our industrial independence as the declaration of '76, which bears the honored name of your great-grandfather, sealed our political independence."

(Signed, Jas. G. Blaine.)

A fair run of salmon has commenced, and the Alert Bay Packing Company had put up 250 cases when the steamer left. Everything is quiet along the coast.

At noon to-day a number of old dilapidated buildings situated over the ravine at the northwest corner of Government and Johnson streets, in the rear of the Germania Saloon, tumbled down from old age with a great crash. The shanties being old it was supposed they were uninhabited. Shortly after the collapse took place a Chinaman was observed crawling out of the debris with his garments torn and tattered; his face not an inviting one at the best was besmeared with blood which flowed from a severe scalp wound. The poor creature remained in a helpless state for some time. A white laborer went to his rescue and got him out of danger's way. Stimulants were administered and in a short time the injured Chinaman was able to move about. From another portion of the ravine came another Mongolian, but beyond a bad fright he was uninjured.

THE U. S. SENATE DISCUSSES WAR PROSPECTS.

How Senator Cockrell Provides for the Death Knell of England's Power.

WASHINGTON, 30.—The Senate to-day discussed the army appropriation bill. Senator Hawley, of Connecticut, said the English themselves are surprised at the carelessness of the United States in regard to our war preparations and asked was there ever such a happy-go-lucky reliance on luck since the world began. The country, with its sixty millions of people, was a monstrous mass of potential power; but against modern steel guns its was no more effective than a dead whale. Senator Cockrell said, as to Canada, the militia of the border States could take care of her and do it in a very short time. If Canada should cross the border in hostile array every solitary foot of that country would be under the power and jurisdiction of the United States within sixty days. It would not be even a skirmish and as to Great Britain, war with the United States would be the death knell of that power and her statesmen knew it.

AUTUMN MEETING 1888

The Great Stallion Race.

The above association propose holding a Three days meeting the last of September and it has been suggested by some of the prominent horse breeders of Alberta that a Sweepstake for thorough bred stallions would be a great attraction to the general public, and a benefit to the breeders of Alberta. It has therefore been decided by the association that such a race shall take place upon the following conditions, viz: Each stallion to pay \$100.00 entrance fee and the association to give a \$100.00 gold medal. The winner to take the whole of the entrance money and the medal. The association to give a purse on the third day (of the races) for the stallions that competed in the sweepstake race) to be divided in three monies, the winner of the sweepstake to be handicapped.

All entries for the stallion race must be made with the secretary, on or before the 1st of August, 1888, and \$10.00 paid in to him, the balance to be paid before the day of race.

The above race and all other races at that meeting shall be conducted under the Association rules.

JOHN LINHAM. GEO. MURDOCK.
President. Secretary.

TOWN TOPICS

"Rosy Patchon" a Calgary horse won the trotting race in three straight heats.

Mr. Richard Waugh, of the "Northwest Farmer," Winnipeg, left for the east by mixed train at noon to-day.

Rev. J. F. Betts, pastor of the Methodist church, has returned from attending the conference of the Methodist church at Portage la Prairie.

The Rev. David Savage and one of the evangelical band workers, who have been so eminently successful in revival work in Ontario and the eastern provinces, are expected to visit Calgary soon, when they will hold a series of religious song services in town.

The town council committee on public works, beg to call the attention of citizens generally and business men in particular, to the fact that there is a by-law which provides for fining all persons who throw anything on the streets such as waste paper or anything that will dirty up the thoroughfares or frighten horses. It cannot be necessary to more than call attention to the desirability of keeping the streets neat and clean.

YESTERDAY'S RACES.

A Splendid Afternoon's Sport.

There is out one opinion as to the success of the second day's racing of the mid-summer meeting yesterday afternoon. The success was in every respect pronounced and the satisfaction of the large number of spectators present unbounded. All of the races were well contested and the number of vexatious delays was singularly small. The principal interest centred in the gentlemen's race, the interest taken in this event by the ladies being particularly marked. The race was a capital one, the feature being the splendid effort by Dr. N. J. Lindsay's Black Prince to make up for his bad start which although greatly reducing the leads of the two first horses did not quite bring him in. The following were the afternoon's results:—

Running race—Livery stable stakes; quarter mile, heats 2 in 3; purse 175 dollars. 1st heat, T. Lynch's "Poete" 1st, J. C. Freeman's "Nipper" 2nd, T. H. Stedman's "Sugarfoot" 3rd, N. J. Lindsay's "Black Prince" 4th.

Second heat and race in same order.

Running race, Corporation stakes three-quarter mile, purse 175 dollars. Behan's "Mystery" 1; A. H. Henry's "Tempest" 2; M. Adam's "Rosebud" 3. Time 1:20.

Running race—Ladies' stakes; gentleman's riding race; half-mile dash, owners up; purse 75 dollars. A. D. Braithwaite's "Harkaway" 1; S. Barber's "Spaniard" 2; N. J. Lindsay's "Black Prince" 3.

At the conclusion of the regular races a match race between T. Lynch's "Gray Eagle" and Morrison's "Montee" was run, being won by the latter.

Clothing and Boots and Shoes. We are selling off the balance of these goods at less than cost. RANKIN & ALLAN.

The Operetta company gave an entertainment in the Opera House last night. In which they more than regained the prestige lost in putting one of their plays before the public the night before last night; they gave the "Blind Beggar" and the "Rose of Auvergne." The audience was small, but select and the acts were thoroughly enjoyed, one feature of the evening was an original song in which several capital local hits were made.

By the Post of the Operetta Company. These words I will sing, have a ring of fact Which I am sure everyone will allow. Of things doing in town, so those who're attacked, To my final decision must bow.

CHORUS— Oh my, oh my, such a state of affairs, In Calgary should not be found, If these things keep up they will bring my grey hairs. In exuberance down to the ground. Lineham and Cayley are in for some mirth When off to Regina they go, They'd better hustle and get us the "earn" Or next time they won't stand any show.

Oh my &c. Our good Mr. Kelly stays here at home But for that he don't care a fig, In political pasture he cares not to roam, Since his finger was chewed by a pig. Oh my &c.

Our Council in town are elegant lot And for business take the big bun, They call special meetings and monkey about Over all subjects under the sun. Oh my &c.

Old Orr and old Furniture fight the brigade, While Collins gives lectures on "Bruce," Messrs. Allan and Douglas are grubbing for gas, And the rest of 'em hang about loose. Oh my &c.

A STAGE HELD UP.

A Gang of Armed Masked Men Attack the Cariboo Stage.

VICTORIA, B. C., 3.—Word received here last evening states that the Cariboo stage was held up by three masked men, who went through it. It is not known how much plunder they secured, but Mr. Tingley, the manager of the stage line, who is at present in Victoria, says that early in the season very little gold dust comes down, and the robbers would not secure much. The government has offered a reward for the capture of the robbers, and the stage company will do the same. The whole Cariboo country is warned and are on the lookout for the robbers. This is but the second time in the history of the country that the stage has been held up. The first time was last summer and the robbers escaped. Mr. Tingley thinks these knights of the road won't escape.
